

Feels like home.
Feels like you.

 caesarstone®

Make your home
feel like you.

Every home tells a story.
Like a blank canvas, it's the perfect
place to express who you are.
A place that reflects your essence,
your style, your experiences.

As the creator and author
of your best version, Caesarstone
empowers you to shape spaces
that echo your individuality.

No matter if you're classic
or modern, bold or low profile,
eccentric or traditional.

**We have a surface for you.
To inspire you for a lifetime.**

A reflection
of you.

Surfaces for you. For a *lifetime*.

Innovation is in our DNA. Since 1987, we've combined creativity and expertise to design trends and shape high-quality, durable, and unique surfaces.

With a wide range of materials such as Quartz, Mineral, and Porcelain, we offer over 100 stunning colours with timeless quality, backed by a long-term warranty for added peace of mind.

From indoor to outdoor, our surfaces evoke powerful designs in a variety of palettes, textures and patterns to suit different preferences and styles, empowering people to express their true selves in their homes.

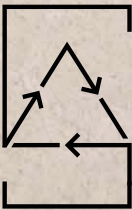

We care about the planet. *Just like you.*

For us, sustainability is more than a goal. It's a principle.

Aligned with the essence of our time, nature, and humanity, we hold a steadfast commitment to our planet's well-being. We invest in sustainable and safety-oriented initiatives across our end-to-end product lifecycle. From the selection of materials to manufacturing and end use, we take responsibility for promoting practices that lead to change in our market towards a greener future. It's a core commitment that extends throughout our entire network of valued business partners.

Up to 40% **recycled materials** in our Mineral surfaces

No more than 40% **crystalline silica** in our entire portfolio by 2026

100% **renewable electricity** by 2026

20% decrease in **carbon footprint** by 2025

100% **recycled water**, zero discharge

Zero landfill **waste** by 2030

Our Porcelain Surfaces

Extremely hard,
heat resistant,
modern designs.

Caesarstone Porcelain features a diverse range of colours, textures, and patterns, from rich marble styles to sleek modern designs, bringing extraordinary beauty to any space.

Our non-porous porcelain countertops are extremely durable, heat and UV resistant, making them a great choice for your indoor as well as your outdoor kitchen. So turn up the heat and get ready for design freedom – our porcelain surfaces are the perfect partners for daily life.

544
Auralux

A granular neutral grey, rich with archaic textures of shells, aggregates, and impurities in a tone-on-tone fossilized appearance touched by cashew and mossy rings.

542
Mosstone

A milky base mottled with muted sage and darker mossy infusions, capturing the movement of time over natural stone.

581

Lucillia

Alluring aura of soft silky white, like weathered metamorphic rock combining the luxury of marble with the tactility of stone.

Surfaces for Indoors and Outdoors

All our porcelain surfaces are crafted for superior durability, beauty, and extreme heat resistance. Designed and tested to withstand the sun's rays and harsh weather, these surfaces create the ultimate multifunctional space for cooking, dining, and entertaining with family and friends.

High-performance surfaces that seamlessly merge indoor and outdoor functionality.

NEW
DESIGN

550 Silvax

Misty clays form a two-toned base lined by silvery greys like ancient travertine, with oxidized puddles, metallic accents, alloy strata, and creamy streaks.

Classic Edge Profiles

Every Caesarstone slab comes with a standard engineering cut, ready for experienced fabricators to manufacture the surface to your specifications after cutting the perimeter. The edge profile of your surface can be custom designed by any fabricator in a variety of thicknesses to inspire your design. Choosing the right edge profile for your specific design style and aesthetic adds the most important finishing touches to your surface and optimizes your design.

Our Slab Sizes

Caesarstone Porcelain surfaces come in one large-scale size for a seamless kitchen experience. All the colours are available in 1.2 cm and some are also available in 2 cm. For more information, please consult the local distributor or fabricator.

Thickness	Standard Slab Size	Weight
1.2 cm	320 x 160 cm	142-145 kg
2 cm	320 x 160 cm	245 kg

Long-Lasting Finishes

To bring out the best in your design, we offer a variety of finishes which protect and guarantee their long-lasting durability and beauty without the need for sealants or wax.

Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface. Soft, organic, matte, low-gloss luminosity.

Silk

This finish covers the surface in a shimmering overlay. The light glides softly over the stone, creating a luxurious appeal that adds a dimension of softness and comfort.

Ultra-Rough

Inspired by the tactility of rough stone, industrial metals and concrete, this finish reinforces the organic nuances of the stone. With a distinctive granular feel, it guarantees high durability and care.

Stone

Tenderly tactile with a pleasant radiance, this finish has the soothing touch of a semi-smooth stone. Its appearance is that of a weathered rock, which comforts in a genuinely authentic way.

In-Sync Technology

In-Sync Technology creates seamless design continuity across body, surface, and edge, by blending pure raw minerals of varying grain sizes into each porcelain slab.

Certificates

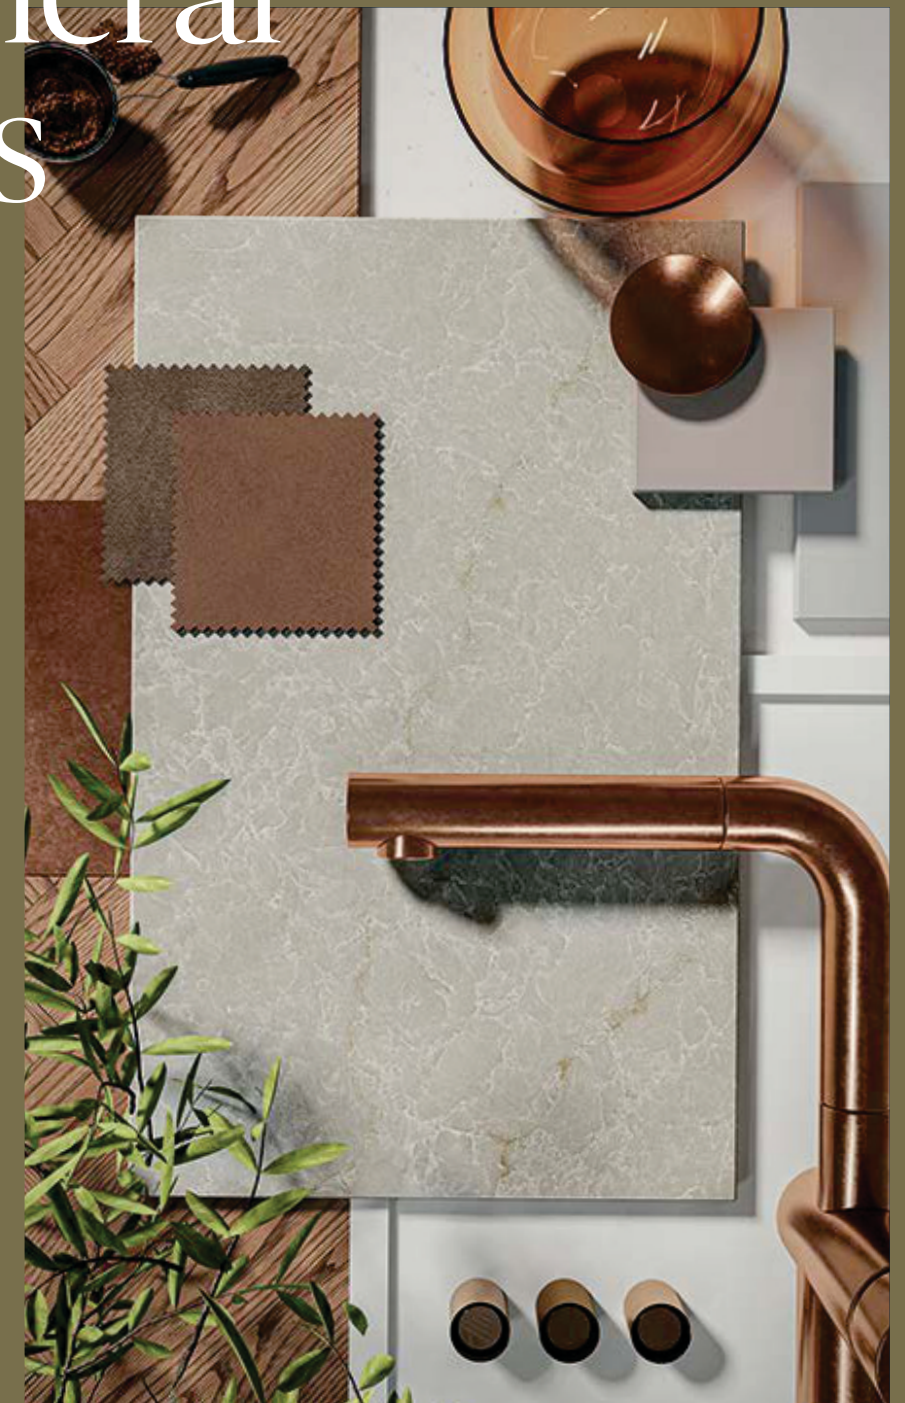

Our Mineral Surfaces

Innovative, sustainable,
premium.

Caesarstone's premium sustainable surfaces are made from a blend of natural minerals such as quartz and feldspar, advanced innovative materials, and recycled materials. Characterized by low crystalline silica content, the exclusive formulation improves performance, increases recycled content and promotes sustainability.

5140
Dreamy Carrara

Silky white veiled in a mesh of shifting intensities, reconciling dynamic sedimentary veins of earthy grey and bluish undertones with darker streaks.

5113
Solenna

Warm bone-white, overlayed by a unique web of prominent earthy veins mixed with putty grey lines and touches of amber flashes.

5100
Vanilla Noir

A rich and luxurious ebony base, washed with expanding creamy vanilla veins and exuding a bold personality.

QUARTZ SURFACES

Our Quartz Surfaces

Everlasting
beauty, durability
and strength.

Our quartz surfaces offer exceptional versatility, delivering timeless beauty through an array of patterns, finishes, and colours that enrich your life.

Our quartz surfaces are made from natural minerals, resins and pigments expertly blended to create the most durable surfaces on the market, and our innovative approach to design has contributed to making quartz one of the most preferred materials for countertops by architects, designers, fabricators, project managers, and homeowners.

5152
Goldfinch

A pure white base swept by waves of gilded veins, undulating in a dense mesh of earthy alloys, neutral oxides, and gradations of burnt amber.

Caesarstone EMEA

4043

Primordia

Light concrete colored base with splotches of off-whites and veils of greys, reflecting oxidized rusts and washed tones.

5820
Darcrest

A mysteriously dark earthy base, enriched by tiny spots and sediments with a veil of organic ochers and brownish greens like erosion on a rocky hillside, enhanced by Honed finish.

5132
Celestial Sky

A creamy white backdrop graced with a veiny overlay of greys, earthy browns, and green undertones, extending in all directions like an organic web, crackling around fine fissure, in Polished finish.

Eased

Every Caesarstone slab is cut to standard engineering specifications, ready for experienced fabricators to tailor the surface to your specific requirements. To improve your project, the fabricator can personalize your surface with a custom edge profile, offering various shapes and thickness options. Selecting the ideal edge profile for your project enhances the overall appeal of your surface and adds essential finishing details to your design.

Long-Lasting Finishes

To bring out the best in your design, we offer a variety of finishes which protect and guarantee their long-lasting durability and beauty without the need for sealants or wax.

Polished

With its high-gloss smoothness, it enhances the surface's characteristics. It attracts light, illuminating the space with a natural glow that makes it appear larger and luxurious.

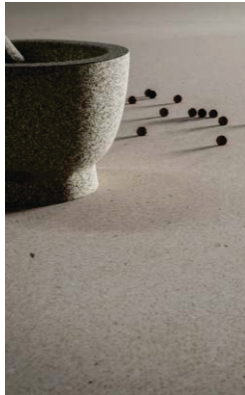

Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface. Soft, organic, matte, low gloss luminosity.

Natural

Like a touch on a small smooth stone, this finish has a slightly textured satin sheen. It brings out the color and pattern of the surface, especially in darker tones.

Concrete

With low light reflection and a slightly textured appearance, its light grainy feel evokes the sensation of an organic material that is powerfully strong.

Rough

With a complex and robust look and feel, it intensifies the depth of the colours. An advanced technology that achieves the effect of coarse industrial materials, but remains smooth for easy cleaning.

Our Slab Sizes

Caesarstone Quartz and Mineral surfaces come in two sizes and in a variety of thicknesses.

Standard

Standard size – 144 cm x 305 cm
Thickness – 1.3 / 2 / 3 cm, depending on the colour
